

I listen to K-Love on 94.9 in Memphis, there is so much trash on the radio (vulgarity, bad language, inuendos) that there is no pleasure anymore. Listening to 94.9 I can have a peaceful meaningful experience. I work with several people that share my thoughts. This station makes my community aware of Christian events that are coming to our area. It would grieve me greatly if this station were replaced or no longer available. It is the only one I listen to. I can safely play it with my grandchildren in the car. I DO NOT WANT IT REPLACED BY LPFM.
